

ICCS BUSINESS AWARD 2018

ELETRONICA GROUP WINS 2018 ICCS BUSINESS AWARD

September 18th, 2018 - The Italian Chamber of Commerce in Singapore presented to Elettronica Group the innovation award as best Italian multinational in the territory, whose representative office is led by Gianluca Trezza. The accolade has been assigned during the annual Business Award ceremony at the Fullerton Bay Hotel. The award was accepted by Mr. Paolo Izzo (Vice President International Sales) and Gianluca Trezza (Branch Manager Singapore): «Less than four years after our settlement - explains Mr. Izzo - Elettronica is now listed among the Italian excellence operating in the Lion City. An exceptional achievement for an A&D company, far beyond the more classic concept of 'Made in Italy'. I should especially like to thank most warmly the Italian Chamber of Commerce, which recognized our efforts and honored us with this prestigious award». This has also been pointed out by Domitilla Benigni, Chief Operating Officer of the company: «This is the confirmation that we have set the right course and it pays to our investments in Excellence, innovation and use of proprietary technologies. These are the pillars on which our leader status is based, in Italian and international landscape».

Elettronica Group

Elettronica Group, as a European leader in Defence & Security, has been on the cutting edge of Electronic Warfare for more than 60 years, supplying Armed Forces and Governments of 30 Countries with more than 3000 high technology systems.

Privately controlled by Benigni's family, with Leonardo and Thales in the shareholders structure, the Group is composed by three industrial assets, Elettronica S.p.A, headquarter, based in Rome, leader in full EW capabilities, CY4GATE, a joint venture with Expert System, born to address today's emerging and evolving needs in cyber domain, specialized in Cyber EW, Cyber Security and Intelligence, and Elettronica GmbH, the German subsidiary specialized in EW signal processing design and production and Homeland Security solutions. Elettronica's systems are deployed for a variety of key operational missions, from Strategic Surveillance, to Self Protection, Sigint, Electronic Attack and Operational Support for airborne, naval and ground applications. Elettronica Group boasts a strong record of successful domestic and international collaborations on all the key modern military platforms such as the Italian PPA, the fighter Eurofighter Typhoon, the NFH-90 helicopter, the Italian and French ship class Horizon and FREMM, and a wide range of projects in the Gulf, Middle East and Asia.
